MIPA VIRTUAL SUMMIT

2022 MIPA State Highlights: Ohio

This year during the 2022 Virtual MIPA Summit, we are providing a new opportunity to feature the important injury prevention work from each state. To keep the Summit agenda focused on keynote, panel, and workshop presentations, rather than devoting “stage time” to these updates from each state, we have created this highlight document to provide attendees with a summary of the work, resources, and contacts in each state. We have asked representatives from each state to respond to the following questions.

1. Please describe the primary private/public coalition in your state.

The **Ohio Injury Prevention Partnership (OIPP)** operates under the guidance of the Violence and Injury Prevention Section (VIPS) and Violence and Injury Epidemiology, and Surveillance Section (VIESS) housed within the Bureau of Health Improvement and Wellness at the Ohio Department of Health (ODH). The OIPP supports ODH’s core public health priority of building strong communities to enable Ohioans of all ages and abilities live disease and injury-free. The OIPP also acts as a platform for engaging interested stakeholders in the prevention of injury.

OIPP serves as an umbrella for three distinct action groups – the Child Injury Action Group (CIAG), Ohio Overdose Prevention Network (Ohio OPN), and the Ohio Older Adult Fall Prevention Coalition (OOAFPC). As the umbrella organization, OIPP guides direction of strategic planning; provides funding and supports to facilitate the action groups and implement state-level strategies; and convenes action group members around cross cutting topics.

Ohio Injury Prevention Partnership (OIPP) Overarching Goals

- Goal 1 (Training/Workforce): Strengthen Ohio's injury prevention workforce by increasing skills, knowledge, and access to resources through training and technical support.
- Goal 2 (Evidence-Based Strategies/Policy & Systems Approach): Increase implementation and sustainability of evidence-based injury prevention programs, practices, and policies.
- Goal 3 (Collaboration/Engagement): Support diverse, open, and accessible opportunities for cross-sector collaboration between state and local stakeholders

Child Injury Action Group (CIAG) Strategic Priorities

- Occupant Protection – Child Passenger Safety
- Safe Sleep
- Occupant Protection – Teen Driving
- Traumatic Brain Injury – Prevention of Youth Sports and Recreational TBIs
- Youth Suicide

Ohio Overdose Prevention Network (Ohio OPN) Strategic Priorities

- Leadership and Infrastructure
- Data and Surveillance
- Primary Prevention
- Harm Reduction
- Linkages to Care

Ohio Older Adult Falls Prevention Coalition (OOAFPC) Strategic Priorities

- Public and Provider Awareness
- Prevention Across the Continuum
- Policy and Sustainability

- 2. Are there specific resources, reports, campaigns from your state that you'd like to highlight? Please include PDFs and/or links, when applicable.**

[Violence and Injury Prevention Section](#) – Overview of Ohio's programs and initiatives

[Violence and Injury Surveillance and Data](#) – Links to injury data reports and dashboards

[TBI: Return to Learn Concussion](#) – Guidance document, online trainings and resources to implement return to learn concussion teams

[OH Against OD](#) – Campaign to warn Ohioans of the dangers of fentanyl in the drug supply

[Take Charge Ohio](#) – Resources for healthcare professionals, patients and community organizations to create safer pain management practices

[Champion Recovery](#) – Educational materials for prescribers to increase utilization of medication assisted treatment for opioid use disorders

- 3. Contact for further information:**
